

Company Structure

Organizational Structure

HeidelbergCement is presented in Georgia by two production companies : **HeidelbergCement Georgia** (former SaqCementi, which operates four cement plants in Kaspi, Rustavi (2) and Poti regions) and **HeidelbergCement Caucasus** (former Kartuli Cementi - a clinker producer, former HeidelbergBeton Georgia - a leading concrete producer in Georgia and former Terjola Quarry).

Transparent organizational structures and clearly defined responsibilities have noticeably improved the speed of decision-making, the strength of implementation and cost efficiency at HeidelbergCement Georgia.
